1. WHAT IS THIS PROGRAM ABOUT?

- The Disaster Relief Facility (DRF) is a financing program aims to alleviate the financial burden of Small and Medium Enterprises (SMEs) (as defined by SME Corp Malaysia at point of application) affected by the recent floods and facilitate the resumption of their business operations.
- DRF is an initiative by Bank Negara Malaysia (BNM) to assist micro, small and medium enterprises (MSMEs) affected by the recent floods nationwide (identified by Agensi Pengurusan Bencana Negara (NADMA) as flood disaster areas), with an allocation of RM500 million. DRF is made available from 27 December 2021 until full utilisation (or subject to further decision by BNM).
- DRF will be offered under Business Financing-i (BF-i) product based on Tawarruq at fixed rate.

2. WHAT IS THE SHARIAH CONCEPT APPLICABLE?

- **The Shariah concept used is Tawarruq.**
 A tawarruq consists of two sale and purchase contracts. The first involves the sale of an asset by a seller to a purchaser on a deferred basis. Subsequently, the purchaser of the first sale will sell the same asset to a third party on a cash and spot basis

- **Tawarruq concept is further described as follows:-**
 Customer purchases commodity from the Bank based on Murabahah contract at the Bank's Sale Price. In this arrangement, the purchase will be performed by the Bank as the Purchase Agent for the customer. As the Sale Agent for the customer, the Bank shall sell the commodity to a commodity purchaser at cost price. Proceeds from the transaction will be credited for the customer's utilization. The customer is obliged to pay the amount due from the Murabahah transaction as per the agreed terms.

"Commodity" means any commodity acceptable to the Bank e.g. palm oil, plastic resin, rubber, cocoa beans, soy beans, timber and metal (excluding gold and silver) traded at any commodity trading platform approved by the Bank. The purchase and sale of the commodity are performed based on the mandate of the customer, where the Bank as Purchase Agent and Sale Agent trades the Commodity as made available and provided by commodity providers subject to the Bank prevailing policies.

- **The product structure for BF-i is as follows:**

No	Description
1	Customer obtains financing from the Bank and executes Tawarruq transaction documents.
2	Bank buys commodity from Commodity Supplier.
3	Bank sells commodity to customer on Murabahah at Selling Price. In this arrangement, the purchase will be performed by the Bank as the Purchase Agent to the customer.
4	Bank acting as Sale Agent, on behalf of the customer, sell the commodity to the Commodity Buyer at cost price.
5	The Bank credits Customer's account with proceeds from the sale of commodity

- 6 The Customer settles the amount due to the Bank (from Murabahah sale) by way of agreed payment terms.
