Disaster Relief Facility (DRF)

Date: 21 October 2024

1. WHAT IS THIS PROGRAM ABOUT?

- The DRF is a financing program which is part of Bank Negara Malaysia (BNM) effort to alleviate the financial burden of Micro, Small and Medium Enterprises (MSMEs) (as defined by SME Corp Malaysia at point of application) affected by floods and facilitate the resumption of their business operations. BNM had allocated RM 500 million fund for this purpose. DRF is open for applications from 27 December 2021 until full utilization, or subject to further decision by BNM.
- DRF is offered to Malaysian microenterprises and Small and Medium Enterprises (SMEs) (at least 51% shares held by Malaysians residing in Malaysia) affected by floods located in districts identified by Agensi Pengurusan Bencana Negara (NADMA) as flood disaster areas.
- DRF will be offered under Business Financing-i (BF-i) product based on Tawarruq at fixed rate.

2. WHAT IS THE SHARIAH CONCEPT APPLICABLE?

The Shariah concept used is *Tawarruq*.

A tawarruq consists of two sale and purchase contracts. The first involves the sale of an asset by a seller to a purchaser on a deferred basis. Subsequently, the purchaser of the first sale will sell the same asset to a third party on a cash and spot basis.

Tawarruq concept is further described as per below: -

- Customer purchases commodity from the Bank on a *Murabahah* basis at the Bank's Sale Price. In this arrangement, the purchase will be performed by the Bank as the Purchase Agent for the customer. As the Sale Agent for the customer, the Bank shall sell the commodity to a commodity purchaser at a cost price. Proceeds from the transaction will be credited for customer's utilization. The customer is obliged to pay the amount due from the *Murabahah* transaction as per the agreed terms.
- "Commodity" means any commodity acceptable to the Bank e.g. palm oil, plastic resin, rubber, cocoa beans, soy beans, timber and metal (excluding gold and silver) traded at any commodity trading platform approved by the Bank. The purchase and sale of the Commodity are performed based on the mandate of the customer, where the Bank as Purchase Agent and Sale Agent trades the Commodity as made available and provided by Commodity providers subject to the Bank prevailing policies.
- The product structure for BF-i is as follows:

No.	Description
1	Customer obtains financing from the Bank and executed <i>Tawarruq</i> transaction documents.
2	Bank buys Commodity from Commodity Supplier.
3	Bank sells Commodity to customer on <i>Murabahah</i> at Selling Price. In this arrangement, the purchase will be performed by the Bank as the Purchase Agent for the customer.
4	Bank as the Sale Agent, on behalf of the customer, sell the commodity to the Commodity Buyer at cost price.
5	The Bank credits Customer's account with proceeds from the sale of commodity.
6	The Customer settles the amount due to the Bank (from <i>Murabahah</i> sale) by way of agreed payment terms
